The #SPIEastro call for papers is now open! Join me in Copenhagen, Denmark, 5-10 July 2026, to share your research in areas such as ground-based and airborne telescopes and instrumentation, adaptive optics systems, observatory operations, and more. Abstract submissions are due on 3 December. <https://spie.org/AS26>

Ready to showcase your work on adaptive optics, ground-based or airborne telescopes, or a related topic? #SPIEastro is the place to share it! From 5-10 July 2026, researchers will gather in Copenhagen, Denmark, to exchange insights on topics spanning optical infrared interferometry and imaging, modeling, systems engineering and project management for astronomy, and more. Don't miss your chance, abstracts are due 3 December. <https://spie.org/AS26>
