

The North Convention centre is situated between Hall 9 and 10. For directions access [IFEMA MADRID website](#). For more information review [Interactive map](#) and [North Convention Centre North Lobby](#).

IFEMA has an electronic system for controlling vehicle access to its facilities, the purpose of which is to ensure that vehicles do not stay too long in the Feria de Madrid. This measure involves reducing the volume of vehicles at the loading and unloading bays.

The loading and unloading bays adjacent to the halls are **not** parking areas. Vehicles are allowed to only Load or Unload in these areas and must immediately leave for the appropriate parking area. While events are being held, access to these areas is strictly prohibited without specific authorisation by IFEMA.

- Each vehicle will receive a ticket at the entrance to the site that will have a maximum stay time in the loading and unloading area of between one and three hours.
- After this time, the vehicle must either leave the Fair Venue or park in the corresponding car park (truck parking for transport vehicles or car parking, if applicable, for cars and vans of up to 3,500 kg that do not exceed dimensions – 6 m length x 2.2 m width), control will be supervised by security personnel on access.
- At the exit control, the system will determine if the vehicle is within the maximum authorised time or has exceeded it by reading the license plate. In the former case, the exit barrier will open, allowing the vehicle to leave immediately. In the latter case, the driver will have to pay the rate corresponding to the time exceeded at an automatic ticket reader at the exit, using the ticket received at the entrance.

The rate for time exceeded will be dissuasive, its sole purpose being to ensure compliance with the regulations and respect for the maximum authorised length of stay. IFEMA is therefore not seeking to profit from this measure, but rather to improve working conditions in critical areas for the development of fair activity

- Once the vehicle has left Feria de Madrid, the system **will not allow** re-entry until 30 minutes has passed.

Parking is available near the North Entrance to IFEMA Madrid. Ticket dispensers are in all car parks, see map and details below. For further information review [IFEMA's website](#) and reference Recinto Ferial which has the nearest car parks to the North Convention Centre.
